## WILLOWTREE PRESS MEDIA DISTRIBUTION

### WillowTree Press Media Release E-List

Independent Pagan Publisher, WillowTree Press, has established a subscribable E-List for the timely distribution of Press Releases. In the interest of keeping the community up to date, the E-List will be used for the express purpose of email Press Releases regarding WillowTree Press events, authors, book announcements, and author/manuscript/rights acquisitions.

Distribution in this manner will save time, as well as natural resources as opposed to faxing and/or mailing Media Releases nationwide.

Releases will be distributed via the E-List when they come available; therefore there is no scheduled mailing.

Anyone may subscribe to the list via the web by surfing to the following address:  
[www.willowtreepress.com/media.htm](http://www.willowtreepress.com/media.htm)

Once there, use the subscription widget to enter your email address, and then confirm the double opt-in via email. You will immediately receive a copy of the latest release issued by WTP. Archived releases are available, in PDF format, on the web page listed above.

Further information about this service can be obtained by contacting Wendy O'Brien at WillowTree Press.
